

DYNAMICDR *Partner Program*

Are you asked consistently about Business Continuity and Disaster Recovery? Do you have clients who would benefit from having their data stored or system hosted offsite? Do you frequently have a need for Disaster Recovery testing that you don't have the resources to fulfill? Do your clients have platforms where you don't have skills?

Now you can leverage that business that previously was unattainable.

With Dynamic Disaster Recovery's Partner Program you can resell our offerings and bring your client's the professional service they require without making the investment in a hardened site. Most importantly, you maintain the relationship.
